Questions you May Ask

ON THE DAY WEDDING COORDINATOR

We've all heard of wedding planners right? But many people aren't sure what a coordinator is and how they can help. Wedding Coordinators are the hard working, style conscious, detail orientated, hard lifting, fairy godmothers of the big day.

WHAT DOES A WEDDING COORDINATOR DO?

A Wedding Coordinator does, and can do, all manner of things! As an overview we manage all your suppliers on the day and ensure everything is delivered as you've planned. We look after the bridal party and we help ensure your granny gets a seat in the front row. We are your eyes and ears to ensure perfection

WHY WOULD I NEED A WEDDING COORDINATOR

Quite simply so you and your family can enjoy your big day! Your Wedding Coordinator becomes the point of call on the day so you're not trying to explain to the florist how they get into the venue while your makeup artist is trying to perfect your glow. You can relax knowing that everything will be going to plan and if anything does happen someone's there to sort it out.

HOW DOES IT WORK?

Approximately 2 weeks before the wedding day we will meet you to talk through everything that needs to be managed on the day. Depending on the package you choose we will then work with you to prepare floor plans, final briefing documents, run sheets, contact sheets and anything else to ensure a flawless execution. We will make contact with all the vendors and suppliers to let them know we're the people to call on the day (not you!). Then on the day we're there to ensure it all sparkles.
